

MICROME Hack-a-thon, Marseille Sept 23-25, 2013

Temptative schedule

Note: the topics are just indicative, they may (will) change as the work progresses.

Date	From	To	Place	Topics	Remarks
Mon-09-23	12:00	12:30	TAGC	Welcome	Early comers can join me in the lab (TAGC). Call me when arriving on the campus (+33 4 91 82 87 49).
	12:30	14:00	CROUS	Lunch	
	14:00	15:30	IUT	Checking access to the study case datasets, compatibility between Ids, and interoperability between the tools.	Gemma and Nick already explained the study cases on skype. They will only arrive at 15:30, so we will start with some code hacking, and then discuss more about biology once they arrive.
	15:30	16:00	IUT	Tea break	
	16:00	17:00	IUT	Discussion about the study cases, and agreeing about specific objectives. Flow chart of the scheduled tasks.	
	16:00	18:00	IUT	Hacking + testing session	Note: "Hacking" will involve not only programmers (code hackers) but also biologists, who will directly check the relevance of the results, integrate them in the annotations, ...
Tue-09-24	09:00	10:30	IUT	Hacking + testing session	
	10:30	11:00	IUT	Coffee break	
	11:00	12:30	IUT	Hacking + testing session	
	12:30	14:00	CROUS	Lunch	
	14:00	15:30	IUT	Hacking + testing session	
	15:30	16:00	IUT	Tea break	
	16:00	18:00	IUT	Result analysis, integration, summarization, ...	Producing result tables, display, figures, so that the results can be directly used by biologists.
	19:10	19:30		From hotel to restaurant	
19:30	22:00	Il Canaletto	Dinner	Restaurant Il Canaletto, 6 Cours Jean Ballard (metro Vieux Port - Hôtel de Ville)	
Wed-09-25	09:00	11:00	IUT	Preparation of training material (manuals, examples) from hack-a-thon results	
	11:00	11:30	IUT	Coffee break	
	11:30	12:30	IUT	Summary and perspectives	
	12:30			End of the hack-a-thon
